

# WHAT TO BRING & HEALTH AND SAFETY

## What To Bring:

- updated vet records
- food with directions for feeding fixed on
- bowl
- dog bed
- kennel (if needed)
- medicine (if needed)
- payment in cash on drop off day

## Health and Safety:

- Please make sure your dog has an updated bordetella shot (kennel cough) as well as rabies and other regular boosters. Not having shots can make other dogs at risk.
- please make sure pet has been bathed and anal glands expressed
- also, we cannot take dogs who have fleas. We will do a flea comb check at drop off. This ensures the safety of all dogs as well as my home.
